Subject: Re: Lawrence Livermore Visit

Patrick,

Sorry to be getting back to you so late, I was out of town for the last few weeks.

Let me work with her schedulers to find a time that would work. How much time will the visit take? Would it be a half day or 2 hours? We just have to build in travel time and find an opening in her schedule.

Thanks,
Ditas

Thanks Brian. Ditas, we would enjoy having you visit Lawrence Livermore National Laboratory in Livermore. Please let me know what we can do to accommodate your visit. Rose O'Brien is actually our protocol officer but, as an executive with our presidents office, I can assure you that LLNL will make your visit is worthwhile and informative.

Ditas – At NARUC, Catherine asked me to reach out to you to schedule a visit to the Lawrence Livermore National Laboratory. I understand the lab has the following dates available for you to visit them: Aug 24; 27; 28 and Sep 4; 7. You should be able to complete the tour in 3-4 hours. None of the utilities will be attending the tour with you but I have cc'd one of LLNL's protocol officers, Patrick Dempsey, Please feel free to contact him directly regarding whether the dates work for you. If not, Patrick can suggest other times to accommodate your busy schedule.

Brian
