Could you and Jesus and I have coffee next Wednesday so you can hear about his views on dig-ins and you can see some numbers?

Like 8:-8:30 am?

I have in mind that we might go to Javalencia on Valencia between 19th and 20th Sts, just because I liked it when I went there with PG&E gas line crews a few weeks ago.

But that might be unrealistic depending on schedules, especially yours.

Another option would be late afternoon on the 14th.

Hope you are not having too stressful a day today!
