Subject: 2012 TIMP spending

Hi Michelle,

We can confirm that the \$40 million in PG&E 2012 TIMP strength testing spending identified in prior settlement offers to CPSD, is incremental to what was authorized and is being done pursuant to the last GT&S rate case for 2012 TIMP spend. Let me know if you have any questions or want to discuss, and I apologize for the delay in getting back to you.

Trina
