Re: Revised Community Choice Aggregation Implementation Plan by Marin Energy Authority

Dear Mr Dietz:

This letter is to inform PG&E that the California Public Utilities Commission has received a revised Community Choice Aggregation Implementation Plan from Marin Energy Authority, July 6, 2012. The revision is due to the addition of City of Richmond to the Marin Energy Authority.

Pursuant to Public Utilities Code Section 366.2 (c) (7), within 90 days after the Community Choice Aggregator establishing load aggregation files its implementation plan, the Commission is required to certify that it has received the implementation plan, including any additional information necessary to determine a cost recovery mechanism.

We intend to certify the Implementation within the 90 day period, which ends on October 4, 2012.

Sincerely,

A handwritten signature in black ink, appearing to read "ER", written over a horizontal line.

Edward Randolph  
Energy, Division Director  
California Public Utilities Commission
