Subject: Discussion on RPS procurement options

Hi All,

We'd like to sit down with your procurement folks and discuss what they believe the procurement strategy is for RPS over the next year. Specifically, we would like to discuss how each of your respective teams are thinking about procuring in light of the "potential" expiration of the ITC in 2016.

Can we set up a time sometime this week to have a brief call for 15 min? The calls would be with each IOU and not a group call.

Thanks,

Jason L. Simon, CFA
