All

Thanks for following up on this. We will take care of cleaning up our files at this end.

Mary Jo Borak

Andrew and Mary Jo,

I found the two advice letters you referenced in our public archive (for your reference:
<http://www.pge.com/notes/rates/tariffs/advice.shtml>)

I have attached the files.

I'm not sure -- the permitting teams don't really track the Effective Date letters given that unprotested NOCs become effective under GO 131-D after 45 days without Commission action. But I know our Regulatory Relations group maintains files of the Effective Date letters. Let me check with them.

Thanks,

David

Subject: old Advice Letters
Importance: High

Hi David: we're trying to clear up our files. Hopeless, but we're trying anyway.

I found two Advice Letters that I wanted to check with you on:

1. Advice Letter 2692-E Alviso Pond A-6 Levee Breach Project in the City of San Jose (filed July 29th **2005**)
2. Advice Letter 2705-E Reconductoring of Arco-Twisselman 70kV in County of Kern (filed August 24th **2005**)

Did we ever approve these ALs? We can't find any record of having done so.

Thanks!

Andrew Barnsdale
