**MOTION OF SHELL ENERGY NORTH AMERICA (US), L.P.
FOR CONFIDENTIAL TREATMENT OF PORTIONS OF ITS REVISED
2012 RPS PROCUREMENT PLAN**

Pursuant to Commission Rule 11.4, Ordering Paragraph No. 9 of D.08-04-023 (April 10, 2008), and Presiding Judge DeAngelis' August 2, 2012 Ruling in this proceeding, Shell Energy North America (US), L.P. ("Shell Energy") files this motion requesting confidential treatment of a portion of its revised 2012 RPS Procurement Plan. Concurrently with its motion, Shell Energy is filing its revised 2012 RPS Procurement Plan in accordance with the Presiding Judge's August 2 Ruling. Shell Energy's revised 2012 RPS Procurement Plan includes a narrative discussion and an attachment. Shell Energy is submitting a confidential and public version of the attachment; the narrative is public.

In D.06-06-066 (June 29, 2006), as modified by D.08-04-023, the Commission adopted rules governing the confidentiality of certain electric procurement data submitted to the Commission by electric service providers ("ESPs"). In the modified ESP matrix attached to D.08-04-023 (Appendix B), the Commission identified categories of information and the confidentiality protections to be applied to those categories. To the extent information submitted

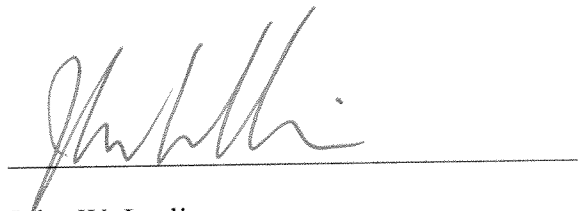

to the Commission by an ESP matches a category of information contained in the ESP Matrix, the information is entitled to the protection provided for that category of information by the ESP Matrix. See D.06-06-066 at p. 80 (Ordering Paragraph No. 2).

Attached hereto and incorporated by reference is a table identifying data for which Shell Energy seeks confidential treatment. As required by Ordering Paragraph 2 of D.06-06-066, the table specifies:

1. That the material Shell Energy is submitting constitutes a particular type of data listed in the Matrix;
2. Which category or categories in the Matrix the data correspond to;
3. That Shell Energy is complying with the limitations on confidentiality specified in the Matrix for that type of data;
4. That the information is not already public; and
5. That the data cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.

For the above reasons, Shell Energy requests that the information identified in the attached table be treated as confidential information and not publicly disclosed. A proposed Ruling granting confidential treatment is attached hereto.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John W. Leslie", is written above a solid horizontal line.
