**MOTION OF SAN DIEGO GAS & ELECTRIC COMPANY
(U 902 E) FOR LEAVE TO FILE UNDER SEAL THE UNREDACTED
VERSION OF ITS AMENDED 2012 DRAFT RENEWABLES PORTFOLIO
STANDARD PROCUREMENT PLAN AND RELATED DOCUMENTS**

Pursuant to Rule 11.4 of Rules of Practice and Procedure of the California Public Utilities Commission (the “Commission”) and Decision (“D.”) 06-06-066, *et seq.*, San Diego Gas & Electric Company (“SDG&E”) respectfully submits this motion for leave to file under seal the unredacted version of its amended 2012 Draft Renewables Portfolio Standard Procurement Plan and related appendix, as well as in the redlined versions of such documents (together, the “Plan Documents”), filed concurrently herewith.

Public Utilities Code § 454.5(g) requires the Commission to protect from disclosure all “market sensitive information submitted in an electrical corporation's proposed procurement plan.” In D.06-06-066, *et seq.*, the Commission adopted rules governing confidentiality of certain categories of electric procurement data routinely submitted to the Commission by investor owned utilities (“IOUs”) and energy service providers (“ESPs”). The Commission established two matrices – one applicable to IOUs, the other to ESPs – setting forth categories and sub-categories of data and providing a confidentiality designation for each.^{1/}

^{1/} See D.06-06-066, as amended by D.07-05-032, *mimeo*, Appendices 1 and 2.

To the extent information matches a Matrix category, it is entitled to the protection the Matrix provides for that category of information. In addition, the Commission has made clear that information must be protected where “it matches a Matrix category exactly . . . *or consists of information from which that information may be easily derived.*”^{2/} In order to claim the protection afforded by the relevant Matrix, the party seeking confidential treatment must establish:

- 1) That the material it is submitting constitutes a particular type of data listed in the Matrix,
- 2) Which category or categories in the Matrix the data correspond to,
- 3) That it is complying with the limitations on confidentiality specified in the Matrix for that type of data,
- 4) That the information is not already public, and
- 5) That the data cannot be aggregated, redacted, summarized, masked or otherwise protected in a way that allows partial disclosure.^{3/}

SDG&E demonstrates below that the confidential information provided in the Plan Documents (the “Protected Information”) falls within the scope of data protected as confidential pursuant to the IOU Matrix and/or under relevant statutory provisions:^{4/}

^{2/} *Administrative Law Judge’s Ruling on San Diego Gas & Electric Company’s April 3, 2007 Motion to File Data Under Seal*, issued May 4, 2007 in R.06-05-027, p. 2 (emphasis added).

^{3/} D.06-06-066, as amended by D.07-05-032, *mimeo*, p. 81, Ordering Paragraph 2.

^{4/} The Matrix is derived from the statutory protections extended to non-public market sensitive and trade secret information. (See D.06-06-066, *mimeo*, note 1, Ordering Paragraph 1). The Commission is obligated to act in a manner consistent with applicable law. The analysis of protection afforded under the Matrix must always produce a result that is consistent with the relevant underlying statutes; if information is eligible for statutory protection, it must be protected under the Matrix. (See *Southern California Edison Co. v. Public Utilities Comm.* 2000 Cal. App. LEXIS 995, *38-39) Thus, by claiming applicability of the Matrix, SDG&E relies upon and simultaneously claims the protection of applicable statutory provisions including, but not limited to, Public Utilities Code §§ 454.5(g) and 583, Govt. Code § 6254(k) and General Order 66-C.

2012 RPS Plan, Section V: <i>2012 RPS Plan – SDG&E Residual Net Short for RPS Procurement - August 13, 2012: Rows A, C, J, and R (Bundled Retail Sales Data)</i>	Demonstrate that the material submitted constitutes a particular type of data listed in the IOU Matrix	The SDG&E Residual Net Short for RPS Procurement - August 13, 2012 tables show SDG&E’s Bundled Retail Sales data and data that is a function of SDG&E’s Bundled Retail Sales data – SDG&E’s RPS Procurement Quantity Requirement, Category 3 Limitation, and Voluntary Margin of Overprocurement.
	Identify the Matrix category or categories to which the data corresponds	Utility Bundled Retail Sales data is protected under IOU Matrix category V.C for 2012-2015. SDG&E’s RPS Procurement Quantity Requirement, Category 3 Limitation, and Voluntary Margin of Overprocurement are all derived from Bundled Retail Sales Forecasts. Disclosure would allow interested parties to easily calculate SDG&E’s Bundled Retail Sales data; accordingly, this information is also protected under IOU Matrix category V.C.
	Affirm that the IOU is complying with the limitations on confidentiality specified in the Matrix for that type of data	In accordance with the limitations on confidentiality set forth in the IOU Matrix, SDG&E requests that the information be kept confidential for the first partial year in which the information is submitted (2012) and the following annual three full years (2013-2015). As the data is also aggregated by Compliance Period, SDG&E requests that the entirety of Compliance Periods 1 and 2 aggregated data be kept confidential (2011-2016). 	Identify the Matrix category or categories to which the data corresponds	Utility net long/short data is protected under IOU Matrix category VI.B. Information regarding SDG&E’s strategy associated with application of the banking flexible compliance tool could allow a third party to calculate SDG&E’s bundled retail sales figure, which is protected under IOU Matrix category V.C. Accordingly, this data is also protected under category V.C. ^{2/}
	Affirm that the IOU is complying with the limitations on confidentiality specified in the Matrix for that type of data	In accordance with the limitations on confidentiality set forth in the IOU Matrix, SDG&E requests that the information be kept confidential for the first partial year in which the information is submitted (2012) and the following annual three full years (2013-2015).
