Subject: Vegetation Management, follow up to my telephone message

Sid,

I am working on potential changes to the CPUC website related to the tree-trimming issue. I just left a telephone message asking you to call me. All of this is related to Resolution E-4493. One idea we have discussed is putting utility contact info on the CPUC web page. I understand from the Energy Division's person, Werner Blumer, that PG&E's main representative on this issue is Redacted
