Subject: RE: Contacts for bill redesign issue

Hi Manisha-

Yes, in Advice 4035-E, we stated "PG&E will implement all of the above on July 1, 2012, with the clarification that the "Conservation Incentive" will immediately be listed as a separate unbundled line item revenue amount on all residential bundled, DA, and CCA customer bills."

The CIA is listed as a separate line item in our charges breakdown – I have attached my bill for your reference, see page 4 of 6, CIA is the last line item on the list. FYI this pdf is from our internal viewer and doesn't include the static definition info that is shown on the backs of the real copies that go out to customers.

Let me know if you have any questions, thanks-

Just a follow up question ...since CIA (conservation incentive adjustment) has become effective July 1, 2012, what bill format is PG&E using to issue their July bills for their bundled residential customers and

CCA customers?
