Subject: FW: Bill redesign examples with mockup for CARE customers (v3)

Ed –

Thanks for your assistance in working out this issue between MEA and PG&E. I've attached five example bills from our redesign, listed below, to help you visualize. Note that all of these have been updated to show July 2012 rates. 1 and 2 are non-CCA bills with and without CARE. 3,4, and 5 have been newly mocked up to show what the new design would look like for customers who are on CARE who have been DA customers for a long time, CARE customers who are with a CCA, and medical-baseline customer who are with a CCA.

1. vanilla (this one is tucked inside WSS folder)
2. CARE bundled
3. CARE, continuous DA
4. CARE, CCA
5. medical, CCA

We will be contacting MEA soon to kick off the quick research effort you recommended.

Let me know if you need any more.

Thanks again!

yours,

sid

Sid,

Per our conversation, I've modified the titles in the revised "v3\_packet."

In brief:

- [Redacted] *Formats 1 and 2* were "updated" to reflect July 2012 rates.
- [Redacted] *Formats 3, 4, and 5* were newly "created" (all with July 2012 dates) to show the various scenarios where PG&E Generation Exemption, CARE Discount, PCIA, and/or CRS Exemption might appear on a CCA/DA bill.

Let me know if this works.

David
