Subject: FW: Call - CANCEL

All,

Unfortunately, Marcel reports that TURN will not be able to participate in the Expedited Advice Letter process for this Transwestern Pipeline recommendation. PG&E intends to proceed with an Expedited Advice Letter, provided that DRA affirms their support for PG&E's recommendation.

Thank you,

Regrettably, TURN cannot participate to provide input on the TW capacity decision. As D.04-09-022 stated, TURN's participation is voluntary, but contingent on participating "fully and diligently." TURN cannot commit to such participation at this time. I believe you do not need TURN's agreement to file an expedited AL if TURN chooses not to participate.

Sorry for any inconvenience. I wish I could participate, but I cannot in good faith evaluate these issues diligently any time in the next six weeks.
