I have the opposite schedule, so I will try to Thursday, in case I don't have good cell service Friday.

Same here Julie – I'm actually out at a field location Thursday – but definitely in the office on Friday,

Hi - Thanks for getting back to me. I am not sure if I'll be free thursday with the hearing schedule, but if I am I will thursday and we can talk about the next steps. I figured it would be easier to talk that to try to email at this point.

Hi Julie – sorry we didn't get to connect last week --- I am travelling this week Tues. and Wed. to Washington, but back Thursday. Please let me know when a good time to call is for you later this week. I'd like to get your ideas on any next steps for the Safety Symposium, and I have an unrelated item I wanted to get your assistance on,

Talk to you soon,

Jane

Ps. I didn't get an email from you, so I assumed you wanted to talk live.
