Thank you for the information on your Son. To clarify, I will present him to the utilities I regulate. He is also welcome to apply to the CPUC and my office will assist. Unfortunately, the way state service works, I cannot guarantee employment. I look forward to meeting him. Scott will arrange a time.

It was an honor to meet you. I look forward to the event on October 30th.

Regards,

Mr. Timothy A. Simon
Commissioner, California Public Utilities Commission
505 Van Ness Avenue, 5th Floor
San Francisco, CA 94102

Dear Commissioner Simon,

We met on Friday, August 10, 2010 at your office of the California Public Utilities Commission in San Francisco with my colleagues [Redacted] [Redacted], where we discussed the new Pre-Apprenticeship Certification Program and training facilities starting in Fresno, and established Francies Electric as the “one-stop union shop” of the Utility Worker’s Union of America, Local 246 in California. These giant steps will open doors for California’s workforce, especially our youth.

I want to thank you from the bottom of my heart for offering my son the opportunity to work with the CPUC. [Redacted] one of four fine sons who are fantastic fathers and more than a brother to siblings and friends. You won’t find a better employee than [Redact] who possesses an instinctively strong ability to lead and direct on any level. He will excel quickly and communicate decisions with confidence. His tenacity and eagerness to find gainful employment will hopefully pay off with CPUC.

I have attached his cover letter, resume, and a few letters of character which I received from him today. If any further information is needed, feel free to contact me directly at [Redacted]. I appreciate your willingness to “pay it forward” for [Redact], a deserving and fine young man. I wish the best for him in this regard.

Bless you,

[Redacted]
