Subject: RE: GUMS report - reformat request from Energy Division from current format to old format

Let me check into it and get back to you.

Subject: FW: GUMS report - reformat request from Energy Division from current format to old format

[Redac]

I knew there was something I should have raised when I saw you!
The ol' GUMS report.
Richard Myers likes the old version better than the new version. See [Redac] note below.
They wanted me to check with you last February . . . so I am.

Let me know if you care. I always like to give folks what they want to have from us!
Thanks
Laura

Laura,
I reconnected w/ Myers and asked him exactly what he is looking for on the GUMS report. He said, the Customers (per each class) and Recorded Deliveries information. With that said, we have to find out from DRA if that's the same information they are looking for also on the GUMS report. If they say yes, then we could start working on implementing the old GUMS formula.
