Subject: RE: PG&E and CPUC HAN discussions

Thanks Alope. I'll send you a calendar invite shortly.

We'll come prepared to speak about the pilot and the status on the overall implementation phases, including the device RFI. Please let us know if there are any particular areas of interest by COB Monday and we'll make sure to include those in our discussion.

Thanks,
[Redacted]

Hi Alope,

Does Wed, 9/12 from 1:30-3:00 work for you? Or 9:30-11:00 on that day?

[Redacted] is out of the office next week, so Sid will be attending from Reg Rel as well as a couple of members from the IT team, cc'ed.

I've attached the RFI documents to this email for your review.

Thanks,

Tomorrow would not be possible as we have an all day workshop in LTPP/Storage that I am co-hosting.

Also, I would like to request a copy of the RFI in advance of the meeting and some discussion of the RFI/testing plan should be covered as well during the meeting. Thanks.

Alope

Hi Alope,

Can you meet tomorrow afternoon?

Thanks,

Reda

Let's try to arrange a meeting here to discuss HAN, preferably next week. You could provide an update on the pilot and the general progress in rolling out the rest of the HAN implementation plan. In particular, please also provide an explanation for what appears to be a non-trivial schedule change implied in PG&E's comments on the draft resolution. Please suggest some days/time slots that would work for your team (allow approx 1.5 hr).

Thanks.

Alope
