Amy:

Thanks. Let's do the meeting here. We can end at 2:30. If you like, we can start at 1p, or meet 11-12:30, if either works for you. Let me know if you decide on either variation.

In terms of topics, just to recap:

- update on 500 home pilot
- update on rollout of HAN implementation plan, including
 - * explanation of schedule change (if we read it properly)
 - * RFI and device testing plans
 - * collaboration with other IOUs as applicable
- alignment (or differences) with respect to E-4527 draft resolution

Thanks.

Hi Aloke,

I don't believe we set a location in the initial email(s), however I talked to the team and it looks like most people have a 3:00 meeting scheduled. I would suggest we either leave the meeting at the GO for the full 1.5 hours or set the meeting up at the CPUC for an hour (to end at 2:30). Please let me know what you prefer.

Thanks,

Amy

Amy:

I am sorry, but it seems there was a misunderstanding. In my initial email, I believe I had suggested meeting here at CPUC, since I expect to have others present. But I just noticed that the meeting invite is for PG&E HQ. Would the same timeslot work for your team if meeting is at CPUC?
