Hi Sid

Thanks for reaching out about this. From what we've been told, the audience are mostly lighting industry and academic folks. There will be a lot of repeat info for you on the regulatory side. If there is anything in particular from PG&E's lighting portion of their 2013-14 application you want him to emphasize, let me know and I'll try to work it in.

Michael

Michael –

Happy new year!

I was wondering if you had all the information you needed for the Commissioner about the event and the center. I plan to be there for the event as well.

yours,

sid
