Subject: DATA REQUEST HEAD'S UP - TRPT PROJECT INFORMATION

Hi All,

Comm. Florio has requested that we look at potential project issues associated with delays in TRPT related to Chino Hills. You will be receiving a formal letter and excel file on Monday, signed by Ed Randolph, requesting that the excel file be populated by September 17. The data will be compiled and used in a synthesis report that will be submitted to the Commissioner's to evaluate what next steps need to be made. Bill Dietrich will be drafting the report. I will be looking at the data. If you have any questions related to the data request, feel free to give either of us a call.

Thanks,

Jason L. Simon, CFA
