Redacted

With this transmission, we are providing a copy of a filing on behalf of the Contact Voltage Information Center in regard to the Draft Resolution L-441.

We hope that this submission will help clarify and perhaps narrow the scope of our earlier request for records / documents, and may be responsive to the comments filed within the last week on behalf of concerned utilities.

Please contact me if there is any problem or confusion with this transmission.

A hard copy is being mailed to concerned parties.

A fax copy is also available if that is preferred.
