Subject: FW: Initial Suspension Notice -- PG&E Advice Letter 4106-E

Meredith,

FYI – PG&E has requested an effective date for this of Oct 8, 2012. However, I am out of the country starting tomorrow until 10/9, so I'm going ahead and suspending this now. I will address it when I return. Didn't want you to think there was a particular issue with the filing that you should be aware of.

Thanks,

Adam

Meredith,

The Energy Division has suspended PG&E Advice Letter 4106-E because the advice letter requires additional staff review. This is standard Commission practice per Section 7.5.2 of General Order 96-B.

If you have any questions regarding this notice, please feel free to contact me by phone or e-mail.

Regards,

Adam Schultz
