Subject: RE: Emergency Response

We have a big effort underway, led by the CPUC Safety Council, to improve all of our disaster preparedness, especially communications. Julie chairs it in Gen. Hagan's absence.

And in answer to your question, I don't know of any CPUC sat-phones. In the event of an emergency I can be found under the nearest table with a bottle of Jack Daniels.

Paul – do you guys have a satellite phone in the case of a major emergency ? I understand we have one – maybe only one. If there is a major event and the cell towers are down, how will we get in touch with you guys ? I'm just thinking out loud right now.
