Subject: meeting?

Molly –

I just left you a voice message.

Following up on your brief conversation with Fong last week at CAISO Stakeholder Symposium, Fong suggests a meeting between PG&E and CPUC staff. Topic is forward capacity markets.

- For PG&E would be Fong, Roy, and Todd.
- For CPUC we suggest you, Ed Randolph and other ED staff, Frank Lindh and attorneys who work on the issue, maybe Nancy Ryan – whoever you think appropriate.
