The image shows a page with a vertical table on the right side. The table consists of approximately 25 columns and several rows. The content within the table is mostly illegible due to the low resolution and the way the page is oriented. At the top of the page, there is a long horizontal line of small, repeating marks, possibly a barcode or a scanning artifact. The rest of the page is blank.

The image shows a large L-shaped grid of small squares. The horizontal part of the grid is at the top, and the vertical part extends downwards on the left side. The grid is mostly empty, suggesting it was intended for a drawing or data that is not present or is too small to read. The grid is bounded by a thin black line.

The image shows a large table structure. At the top, there is a horizontal row of approximately 25 small, shaded rectangular cells. From the left side of this row, a vertical column of these same small cells extends downwards, forming an L-shape. The rest of the page is blank white space.
