Subject: Letter Regarding L300B - CEQA and State Agency Permitting Expertise -  
Confidential and Privileged

At [Redacted] request, I am forwarding a brief letter and two resumes, relating to our CEQA and state agency permitting expertise. I kept the letter brief, thinking that would be best, if it would be helpful to have something more detailed, I would be happy to prepare that.

Please feel free to contact me if there are any followup questions.
