Subject: Current issues/updates meeting

Hi Julie, I know we agreed to set up a recurring forum a few months ago, but its been a challenge with hearings and more briefs and more hearings. But I think we have a date of November 6th for our first meeting----

From PG&E, participants will usually include Frances Yee (acting director of regulatory compliance), [Redacted] [Redacted] (manager of compliance), [Redacted] (manager of gas operations support) and me. Depending on if there's something topical, we may include a subject matter expert.

Can you please confirm the 6th (or if it has to be an alternate day)?

Then I think we should pick a standing date (first Tuesday every other month, or some pattern) which will make it easy for 2013.

Thx
Jane

Ps did you get word that the safety symposium is delayed till post 1st Q 2013?
