Subject: FW: East Coast Mutual Assistance

Mike and Paul – FYI.

We are sending some assistance to Con Ed.

Subject: RE: East Coast Mutual Assistance

Brian,

We worked through the Western Mutual Assistance group to provide PG&E's resource numbers to the East Coast Mutual Assistance group. Our employees are targeted to support Con Ed utility in New York.

PG&E

Lineman and Troublemens:

- 90 lineman and 20 troublemen – Total is 110 qualified electrical workers. This number represents approximately 5% of our total complement.

Additional resources:

- 20 estimators
- 20 leadership and support. This complement includes managers, supervisors, admin, safety, and mechanics.

Departure Timing: Between Tuesday evening, October 30 and Friday, November 2

We estimate our resources will be supporting the response for a two week period.

On another note, we estimate that 110 contract employees have either departed or will depart soon to support the East Coast storm. This number represents approximately 25% of the contractors supporting PG&E.

Please let me know if you have any questions or comments.

Thanks,

Ben
