Thanks Laura. Yes, I saw the decision on the ARB AB 32 fee.

Subject: Gas Compressor Station GHG OIR

Richard

I'm sure you already knew this, but I was pleased to see yesterday's unanimous decision about the CA ARB implementation fee, approving Ferron's alternate Cal ARB Implementation Fee (D.12-10-044) granting utilities authorization to recover the reasonable costs recorded in the Memorandum Account for CARB AB 32 Implementation Fees from ratepayers.

I'm hoping this will be a helpful precedent for the GHG OIR for cost recovery of gas compressor station compliance.

Just want to keep this on your radar.

Have a good weekend!

Laura
