Hi there!

We just got an email today from ALJ Yip-Kikugawa about providing notice for the public-participation hearings for the SM opt out. In it, she specifies a mailed notice. Unfortunately, we seem to be in a similar position to when this happened with the economic-development rate – we are late for sending things in the bill, so we may want to use alternate means to contact customers.

I know that you know more about this than I do, and I was wondering if you had time to chat – I am at Redacted

yours,

sid

You will only need to notice those hearings in your service territory.
