Unfortunately, I think we *do* need it. There's heartburn on this side about the cuts given PG&E's particular situation. Would it be possible to bring Steve Malnight to speak to the Commissioner on this?

Hi to you as well. I'm always happy to meet with you all; it's to your pleasure if you think there are issues that we need to address. I don't feel an urgent need, but want to be accessible if you all need it.

Hi there! I am writing to ask if you'd be interested in meeting with us on this. If so, I'll have Sally work with your office to try to set something up for next week.
