Larry,

Both Paul and I have a meeting from 1:45-3:00 PM PST. That said, I will not be able to attend the PG&E meeting today if it is at 2:00 PM PST.

Thanks

**Importance:** High

I was just informed that we have had to move a call with BrightSource Israel to 9:00 a.m PDT today. It is essential that we talk with Israel. Could we move our PG&E call to 2:pm PDT

today? Is there an better time for you? Any time after 11:30 a.m. PDT works for us.

My regrets for this late notice.

Hi,

This note is just to confirm our call at 9:30 a.m. PDT today. My intent is to discuss the status of PG&E negotiations on the BrightSource solar plants. B&V would like to understand which of the BrightSource plants are moving ahead, and the projected timing of those plants.

Thanks for your help.
