Subject: Initial Data Request - Matrix - Feb 1 Report to Legislature PU Code Section 910

Hi everyone,

I am sending a brief note to thank you for participating in our kick-off call to discuss the RPS reporting requirements under Public Utilities Code 910. I look forward to working with your teams to gain consensus on the most appropriate data for producing a meaningful report for the legislature. I have asked each utility to produce a matrix for all aspects of the reporting requirements in PU Code 910 with a list of options for (a) how each term may be defined (e.g., 910(a)(1) "...administrative expenses for procurement..."), and (b) what data sources that may be relied on (e.g., ERRA forecast filing). Each utilities' matrix should be as comprehensive as necessary to reflect all options for interpretation of terms and data sources.

Please send me your PU Code Section 910 Matrix by Friday, October 12, 2012. Don't hesitate to call if you have any question about this project between now and October 12.

Regards, Sean
