Dear Mr. Allen,

Please see the two attached letters. Please let me know that you received them.

Also,

I did not find a listing for you, Randy, and Erik in the RCA training file that I received from PG&E.

After Erik had contacted me last month. I told him I would forward a couple of links to an online resource that provides one approach to Root Cause Analysis:

<http://www.thinkreliability.com/>

That website provides videos/webinars on RCA basics, including:

“Introduction to Cause Mapping”

“Not stopping at ‘Procedure not followed’ ”

Sincerely,

Chris Parkes
