Thanks for the reply. My briefing was actually rescheduled, so it's less time sensitive. But I would appreciate getting the update when you have it.

Thanks.

Adam, We are looking into your questions and will get back to you as soon as possible, but probably not in time for your afternoon meeting. Erik

Hi Erik and Redacted

Hope you're both doing well. I'm just back in the office today after being out a few weeks.

I have a request internally for a briefing this afternoon related to the IOUs' RAM Interconnection Maps. I wanted to check with each of the utilities and get an update from them about their maps.

Let me know if you'd be able to quickly (in the next couple of hours) track down answers to these questions:

- (1) Is the map being updated monthly as ordered by D.10-12-048 (RAM Decision)?
- (2) When was the date of the last update?
- (3) Has the map been updated to cover the utility's entire service territory, including both distribution and transmission systems (as ordered by Res E-4414 to have been done by 3/31/2012)?

I will admit that I haven't looked at these maps in a few months. I am going to revisit them now before my briefing this afternoon, but wanted to send this email out first thing in the morning to get input from the IOUs directly.

And my apologies for seeking a quick turnaround – today is my first full day back in the office.

Thanks,

Adam
