Erik,

Let me know if you want to schedule a follow-up call on any of the items we discussed pertaining to the PV program. We should continue to talk about the process moving forward and the timing that would work best for PG&E and the CPUC.

As for the RPS Plan PD – I'll defer to Paul on that as I haven't been involved in the development of that PD.

Thanks,

Adam

Paul and Adam,

Thanks so much for the good discussion yesterday regarding our PV Program. It was extremely helpful. You mentioned that next week might be a good time to discuss issues in the RPS plan PD. Do you have any availability Thursday afternoon, 10/18?

Erik
