Subject: Energy Div. data request for certain of PG&E's Request Window documents, 2012-2013 TPP

To Erik Jacobson, PG&E, Regulatory Relations

Hello Erik,

Would you please arrange for PG&E to send Energy Division (including the cc: list and me) the following documents via e-mail by noon on Oct. 19th, or earlier? These have been previously prepared, so I don't think this request is very much work. (Please be aware of an approximate 10 MB limit on an individual email for the CPUC's network.)

Energy Division requests PG&E's Request Window documents submitted to CAISO, for the following projects discussed at the Sept. 26 and 27, 2012 CAISO stakeholder meeting regarding the 2012-2013 Transmission Planning Process:

- 1) Greater Fresno Area Upgrade Project (presenter was Steve Metague).
- 2) Northern Fresno 115 kV Area Reinforcement (presenter was Isaac Read).
- 3) Moraga-Potrero 230 kV Line (presenter was Patrick Corrigan).

Please do not hesitate to contact me if you have any questions. Thank you!

Best regards,

Bill
