Subject: RE: CAISO Interim Proposal on RA Flexibility

I have drafted a list of items we may discuss . We can add and subtract from the list but this is what we are interested in talking about. We are particularly keen on understanding your concerns regarding hydro resources and the challenges this proposal may create in procurement and contracting.

PG&E's perspective on the following items -

The need for flexible capacity and the calculation of needs
Flexible capacity counting conventions
Resource eligibility
Measurement of effective flexible capacity
Counting Hydro Resources
Self-scheduling / economic dispatch
Concerns

Ed, Donald and Megha,

My apologies for not getting back to you sooner regarding a discussion about flexible RA. I know Megha reached out to [Redacted] on Wednesday, and he passed the request on to me since I'm PG&E's lead on the topic. I am happy to meet/speak with you on Monday about the proposal. I am available 9:00-11:00 a.m. or 2:00-3:30 p.m.

Is there a time in these windows that will work well for you?

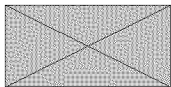

Peter

Hi Kurt and Peter,
Who should we contact to set up a short teleconference to discuss the upcoming CAISO proposal on RA Flexibility? We would like to do this soonest.

Thanks,
