October 꺆꺆꺆10, 꺆꺆꺆2012

Comments of the Utility Workers Union of America (UWUA)
on the Motion of CPSD to Suspend Proceedings,
filed October 5, 2012

꺆꺆꺆

Docket R.11-02-019 is the venue for implementing Senate Bill 705; for implementing the Commission's approach to facilitating employee communications including whistleblower protection; and for implementing an industry-wide safety culture for natural gas utilities in California. UWUA has participated actively in this docket with respect to Southern California Gas Company (SCG). These are matters which should not be suspended or deferred for negotiations without the active participation of UWUA. UWUA has not been made aware of or participated in any discussions or negotiations with CPSD or any other parties concerning any stipulation or agreement as to any of the on-going matters in R.11-02-019.

UWUA requests clarification on the scope of the proposed suspension and requests a directive to CPSD and other Commission staff and divisions concerning the matters in R.11-02-019. If the scope of the proposed suspension involves only matters related to PG&E and its responsibility in connection with the San Bruno explosion in the consolidated dockets that are the subject of current evidentiary proceedings, then UWUA does not object to the proposed suspension. However, if referenced negotiations directly or indirectly affect matters involving ongoing issues in R.11-02-019, then UWUA requests notice and the opportunity to participate in those discussions, and objects to any procedural suspension that would impede progress on the on-going issues in R.11-02-019.

Respectfully submitted,

/s/
