Subject: NDA language from energy div contract w/ B&V

Laura, Meredith, and Arthur:

Attached is the NDA language from our tech support contract w/ B&V.

Bottom-line: It contains the standard language that we include in all our consultant contracts and requires that the consultant to adhere to the same confidentiality rules that apply to Commission Staff. Thus, the consultant may receive confidential information directly from the utilities; the same confidentiality protections will apply as if the materials were submitted directly to Commission Staff.

Arthur – I don't think brightsource needs an NDA w/B&V if the IOUs give B&V your confidential info.

Please let me know by end of day if the NDA is still an issue.

Thanks,

Paul;
