Pursuant to Rule 8.4(a) of the Commission's Rules of Practice and Procedure, Pacific Gas and Electric Company (PG&E) hereby gives notice of the following ex parte communication. The communication occurred on Friday, October 26, 2012, at approximately 3:30 p.m. at the offices of the California Public Utilities Commission. The communications were oral and included a handout, which is attached. [(Rule 8.4(a)(c)]

Sidney Dietz, Director, Regulatory Relations, PG&E, initiated the communication with Michael Colvin, Advisor to Commissioner Mark Ferron. Also present were: Steven Malnight, Vice President, Customer Energy Solutions, PG&E; and Jana Corey, Director, Customer Energy Solutions Policy and Integrated Planning, PG&E. [Rule 8.4(b)]

Mr. Dietz stated that PG&E supports the PD and appreciates the CPUC's work in providing it on time for launch of programs in early 2013. Mr. Malnight stated that PG&E is committed to energy efficiency as a resource, and that PG&E's programs and budgets filing matched the CPUC's and PG&E's priority in finding deeper savings

using a customer- and data-driven approach. Mr. Malnight further stated that the PD went too far in cutting these aspects of PG&E's plan, and would prevent PG&E from executing programs in the manner outlined in the guidance decision. Ms. Corey stated that PG&E had already reduced its budget in its filing compared to from current spend in 2012. [Rule 8.4(c)].
