I understand that Mike Voelke of Picarro has been in touch with the Commissioner's office about a Picarro ride along next Monday. Our VP of distribution, Kevin Knapp, will be there to explain how PGE is using the technology.

Can you confirm that the Commissioner is still available to do this?

Are you planning to attend as well?

The vehicle will be a Prius, holding 4 max. There will be a driver and Voelke and Kevin -- plus one. So we may need to do two trips, one for you and one for the Commissioner. Not a problem! The current thinking is to keep the drive under 30 minutes. Does that seem right?

Just trying to nail this down!

Thanks

Laura
