Subject: RE: Our end of year lunch?

Lunch and several drinks would make for a more interesting meeting.  
I'm open later in the week - the 29th and 30th. I'm fairly open the following 2 weeks 12/3 - 12/6 and  
12/10 - 12/13 (except the Friday's).

This is a bad day for me. I will need to use the lunch hour to prep for the all party.

Mark and Erik – I'm just wondering if we might make this day work. I know that Erik will be at the CPUC that morning and then again for Sandoval's meeting at 1:30. Thought we could slip lunch in between if Mark is available . . .
