Meredith,

Thanks. We were told previously by Solar Reserve that no upgrade costs would be borne by CA ratepayers. I
would like to confirm this today if possible. If a cost is incurred an estimate needs to be incorporated into the
NMV calculation which PG&E would be responsible for completing.

Good morning Meredith,

Can you please check in with Rice this AM and see where they are at? This will get pushed off if I don't get the information today.

Thanks,
