Subject: RE: Updated data request: DG project locations

Thanks, Erik. I hope you enjoyed the holiday weekend.

And if you get any pushback on your end on locating the WECC Busbar IDs, let me know. I'd be happy to set up a call with the right folks to discuss what we need.

Thanks,

Adam

Adam, I got your email and we will get you the information to you by Friday unless you hear otherwise from me. Thanks, Erik

Subject: Updated data request: DG project locations

Hi Erik,

I'm not sure if I had worked with you, or maybe Meredith?, on this data request (.xls file attached) back in August. There was one column that PGE wasn't able to populate at that time.

My colleague at the CPUC, Kevin Dudney, has asked me to resend this data request to the IOUs to see if they can track down this information (and update the table, if necessary, with any new additions since August 2012). The one column that still needs to be populated is:

- WECC Busbar IDs [*Column Q*]

Kevin thought that Jason Yan and Tom Miller at PGE may be able to assist in populating these fields. I don't have either one's contact info though, so I'm not CC'ing them here. If you think it'd be helpful, we can set up a call to talk through this with the right people.

Let me know how it goes, and let me know if PGE can resubmit the updated Excel file **by 5pm on Friday, December 7.**

Thanks,

Adam
