Subject: FW: FIT contracts link

Hi Adam

I recently joined the regulatory relations team at PG&E and will be working on RPS issues. I look forward to meeting you in person and working with you.

In the meanwhile, I wanted to follow up on the FiT contracts links. Please note the new link for the excel file. I believe the link you had was for a newer version of excel which may have caused the problem.

http://www.pge.com/includes/docs/word_xls/b2b/energysupply/wholesaleelectricssuppliersolicita

Thanks

Anu

Subject: FIT contracts link

Hi Erik,

Hope you're enjoying the holiday week.

I was trying to access PGE's latest Excel sheet with executed FIT contracts. I think you guys had this posted as a PDF until recently, then I flagged it and asked that it be posted as Excel... but when I click it, it takes me to a page of garbled text.

It's hosted on PGE's general FIT page here --

<http://www.pge.com/b2b/energysupply/wholesaleelectricssolicitation/standardcon>

And here's the direct link to the excel file that's not loading properly --

http://www.pge.com/includes/docs/word_xls/b2b/energysupply/wholesaleelectricssupplie

It could be my computer/browser. But I wanted to flag the issue and see if it's an upload problem on your end.

Thanks!,

Adam
