Let me consult with Meredith Allen and get back with you. But at this time, it'll be them to be noted for PG&E.

Thank you.

Is there a point person whom we can mail the resolutions to? Our resolutions deal with different subject matters. We have no way of knowing which PG&E personnel is dealing with what issues.

We have different directors/atty. assigned to different business matters. For issues on Res L-445, Meredith and Charles are attending to it.

Thanks.

Is the name change for this particular resolution only, or is it for all future contact?

Ms. Nelly Sarmiento,

I left you a voice message referencing the above subject earlier today, and decided to send you a follow up email on it.

Sometimes late October, Erik Jacobson received a package containing copy of the attached document with your Certificate of Service dated October 26, 2012. I'm reaching out requesting that Mr. Jacobson's name be substituted with Meredith Allen (Sr. Director), and [Redacted] (Atty.) on this matter for PG&E. Ms. Allen's and [Redacted] addresses are noted below.
