Subject: RE: NEM Cost Benefit Study

Dear Mr. Melicia,

I was disappointed to read that the study will not conduct a sub-class examination of k-12 schools as suggested in our comments. This is a large group of current and future DG solar customers with a unique usage profile, i.e., because usage is significantly reduced during peak summer months, the benefits of exported power are much higher than other customer groups. I urge you to re-consider this decision.

Respectfully,
