Subject: RE: Schedule for GHG OIR on Gas Compressor Stations

Judge Mason,

Thought I would check back to see if you have any further indication of schedule for this PD? I'm sure your workload hasn't lightened in any way, but of course we are hoping this might have moved up in the queue.

I'd appreciate any more information you can share.

Thanks

Laura

Ms. Doll.

I have three decisions and two scoping memos ahead of the PD in this matter.

Ms. Doll,

I have A. 12-06-010, which is the PG&E Application for Recovery of Costs of Gas Compressor Station Compliance with AB 32. Is that the same as the GHG OIR on Gas Compressor Stations that you referenced above?

I just left you a voicemail. You may also have had an inquiry today from Chris Warner of PG&E – if so, I apologize.

We are trying to determine whether you can share any schedule information about the PD for this issue. As you know, we will be participating in the auction this month.

Thanks for any guidance you can provide.

Laura
