Paul,

Sorry to bother you with this, but my son, Sam, was recently offered a position as an Associate Billing Analyst at SDG&E (which he and I are both happy about). As you can see at the bottom of this note, Sempra's HR representative was unable to verify that he worked as an unpaid intern at the CPUC in the summer of 2009.

Would you or someone at the CPUC be willing to send an e-mail to Christina Ocampo (COcampo@semprautilities.com) like the one shown below by December 10? He's scheduled to start work on December 17 and needs the note several days before then. If you need anything from me or Sam, please let me know. Thanks.

Tom

Do you think Mr. Clanon would be able to send something like the following to Ms. Ocampo?

Sam

Dear Ms. Ocampo,

Please accept this letter as confirmation that Sam Bottorff was employed by the California Public Utilities Commission during the summer of 2009.

Sam was an unpaid intern in our Environmental Sustainability Branch and worked forty hours per week.

If you have any questions, please don't hesitate to call.

Sincerely,

Hi Sam,

Do you have a letter or something you can get from CPUC just stating that you were an unpaid intern with them?

Thanks,

Christina Ocampo

Hi Ms. Ocampo,

Thanks for the update!

- 1) My internship at the CPUC was unpaid, but I'd be happy to provide references.

- 2) Prior to 2009 I was a full-time student, but volunteered at Habitat for Humanity in the summer of 2007.

- 3) During each of the gaps listed, I was a full-time student at UC San Diego. After graduating in June of 2012, I worked part-time on a subdivision owned by my family.

I hope that helps.

Respectfully,

Sam

Hi Sam,

Your background is almost complete. However, there are a few things I need from you:

1. Your internship at CPUC came back as unable to verify. Was this a paid internship? If so, do you have tax documents or paystubs from this time frame?
2. Also, we are required to go back 10 years of employment history if applicable. Do you have any work history prior to 2009 or were you in school full time?
3. We are required to explain any gaps in employment greater than 90 days. Can you explain the gaps from:
 - a. September 2009 – June 2010
 - b. September 2010 – June 2011
 - c. September 2011 – Current

Thanks!
