Lotsa ice on the standing water next to the Dam Road, and frosty in el sobrante. But not much frost on the roadway, so it was all good! Nippy though. I really hate morning riding between now and March. Gotta do it though. I'd like to get skinny like last year -- it really changes things!

I'll come down in next few min...

I will be there. Late start today. Went up south park. We were slow. Got home at 8:30 instead of 8:00 as planned.
